

“Retains walkspace & reduces park space by half”

Why lose walkspace and gain tangled handlebars?

2NE Stand **“Nests Bikes”** to preserve walkspace

Advantage # 2 ~ Adjustable four ways

To accommodate various bike styles, sizes and handlebar designs; road, mountain, comfort bikes, even bicycles with front baskets.

Advantage # 3 ~ Expandable up to four (same narrow configuration)

or even six bikes (just add more wheel supports to base) Customer saves money and retailer gains an additional sale.

Advantage # 4 ~ Pays for itself several times in space recovered (sq/ft)

Finally, a **REAL** Solution to the biggest unsolved overuse of space in the garage!
